Risk Assessment (Session 3) "Risk Assessment"

THIS IS A COLLABORATIVE SESSION PLEASE CONTACT YOUR ACE REPRESENTATIVE FOR MORE INFORMATION

27 April 2004

Risk Assessment

Risk Assessment (Session 3) "Risk Assessment"

- **Format: Collaborative decision making Time: 6 hrs**
- **Special Requirements: Ventanna® & ASOC**
- **Timing: Subsequent to Risk Assessment (Session 2); prior to Industry Day**
- **POC: Mr. Gary Blackwelder**

Description: During this session, the Team identifies specific risk items in each of the areas used in Session 2. The Team also classifies each risk in regard to: 1) potential for occurrence and 2) potential impact (to program cost/schedule/mission) in the event of occurrence. The last step for this session is to identify whether each risk item is primarily the responsibility of the Government to mitigate or the responsibility of the contractor to mitigate through plans defined in their proposals.
